3

1. For screw installation, use template to mark the bracket holes on the wall. Drill bracket holes into the wall.
2. Insert wall anchors with your hands, then use a hammer to tap anchors flush into the wall.
3. Place bracket into position on the wall and tighten screws in place. Add screw covers over the screws.
4. **Place a line of adhesive caulk** around the bracket to prevent water and grime from getting behind the bracket. Wipe away any excess caulk. **Wait 24 hours** for caulk to dry.

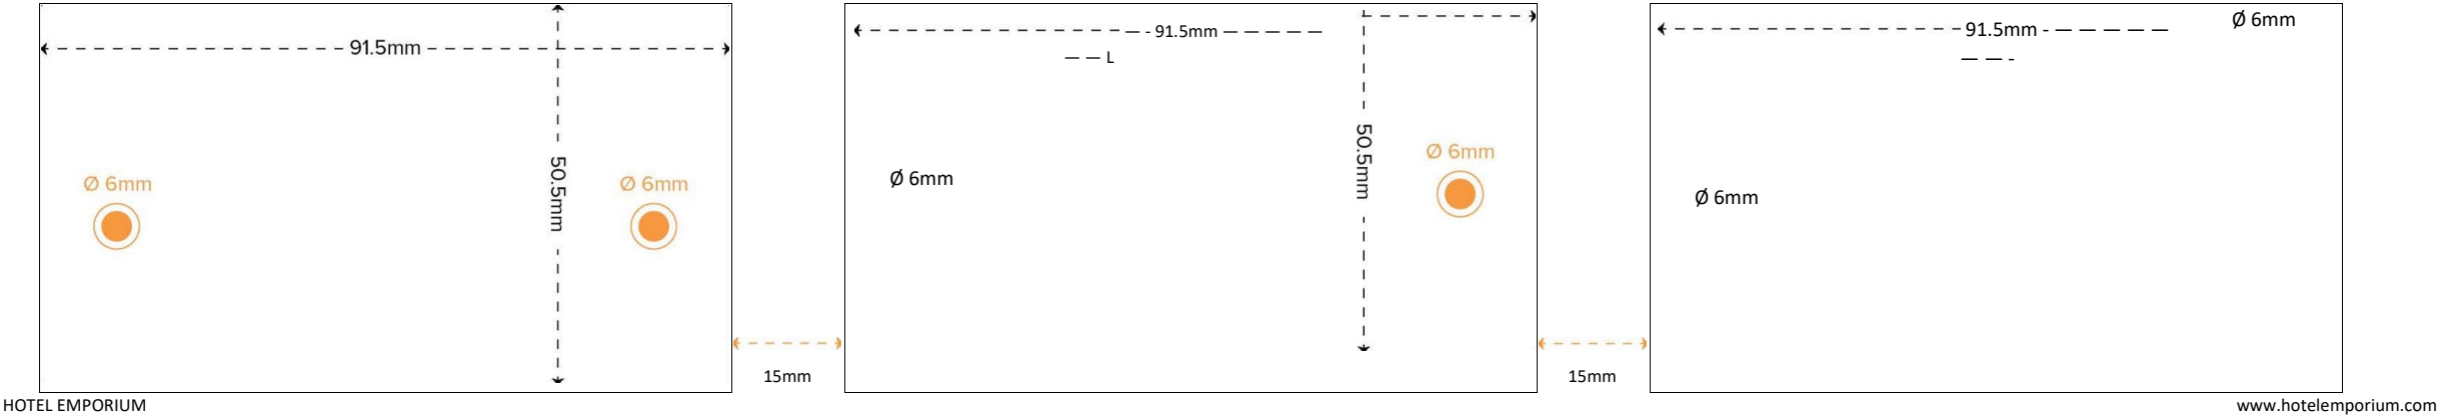

4

Unscrew magnetic key cap and place key on the lock symbol to unlock the bracket. Open bracket arm and place the bottle inside. Close the arm and remove key. **Dispenser is ready to use!**

To replace bottles, repeat steps above.
